Visalia Council PTA Votes to Support Measure E

VISALIA – The Visalia Council PTA last week voted to support Measure E, the bond measure that will help maintain and improve Visalia schools and reduce overcrowding.

Measure E, on the Nov. 6 ballot, will fund a wide range of needed improvements and repairs, including computer labs and science classrooms; accessibility for disabled children; safety improvements; electrical upgrades; roof repairs, and more. A new middle school and additional classrooms/portables are needed to reduce current overcrowding and be prepared for the future.

Visalia Council PTA represents the leadership of the Parent Teacher Associations at the schools that comprise Visalia Unified School District, representing nearly all 27,000 students.

For information on Measure E, visit www.helpourschools.net or contact Visalians for Measure E co-chairman Matt Seals at 651-4040.
